

STOKERMATIC — THE ROSTER

FILL IT IN ON A TUESDAY. NOT ON DAY NINE.

YOUR ROAD

Every household within walking distance. Start with the ones you already know, then go knock on the rest. **Ask before you write someone down**, and tell them why. Use the codes at the bottom to keep the boxes small.

STOKERMATIC — THE ROSTER

THE RATIO THAT MATTERS IS HOW MANY DOORS WOULD OPEN.

CHECK FIRST — WHEN THE POWER GOES

Pull every row with a NEEDS code onto this list. Most urgent at the top. Somebody's name goes in the last box **before** the day you need it.

Name	Need	Lasts how long?	Out-of-area family #	Who checks

Frequencies and your PACE plan go on the Stokermatic Comms Card. Randomize check-in times; a fixed schedule is a pattern.

THE FINAL QUESTION

How many names on this card would open the door for you at 2 a.m.?

_____ of _____

Keep it private. This card holds your neighbors' information; it's a trust, not a target list. One copy in the house, one in the truck, none online. Update it twice a year when the clocks change. Last updated: _____
